

**INTERNATIONAL CHURCH-START
IN MUNICH GERMANY**
Reaching 180 Nations with the Gospel through One City

TARGET: To establish a multi-ethnic, inter-cultural, and economically diverse English-Speaking Church that plants the Gospel among the 400,000 plus international ‘Global Citizens’ (GC) in Munich, Germany.

- ✧ To make disciples, not converts, resulting in disciples making disciples.
- ✧ To be a Third Cultural Church that is reproducing itself throughout Munich, Europe, and the world.

Imagine living in a city where you do not know the language, terrorist attacks have spread fear throughout the city, even to the point where people are nervous about riding on trains, or shopping in the city. Your children are experiencing the uncertainty of being a third-culture kid as they attend an international school with students from over 65 nations. Atheism is growing in your new city. You and your family have left your comfort zone and now find yourselves living in a large foreign city where you feel isolated and alone. Imagine no family, no friends. What you wouldn't give to find a community in this new city where you could find friends and purpose. This is the experience of almost 400,000 ‘Global Citizens’ (expatriates) in Munich Germany who represent 180 nations.

On a recent trip to Munich we had dinner with an executive family from Siemens and their friends. After an hour and a half with them, they finally realized they did not know why we were moving to Munich. So Helene & Peter asked; "By the way, why are you moving to Munich?" We told them we were starting a new English-language church that would reach out to the International community in Munich. **With widen eyes and a warm smile these non-believers said; "We need churches like that in Munich."**

FINANCIAL: This new church start, Mosaic International Fellowship-Munich, is budgeted for 5 years at \$840,920 allowing for gradual growth the first 3 years with the goal of becoming self-sustaining by years 3-5.

The ‘**Mosaic Genesis Fund**’ has three phases designed to generate up-front funding. **Phase *1** is investing in the first 2 years of the new church start-up.

✧ Program Ministry Fund & Missionary Compensation	-	\$ 237,696	
✧ Education Expenses for Dependents	-	\$ 43,976	
✧ Support Ministry Fund	-	\$ 56,328	
Total - *Phase 1		\$ 338,000	First 2 years

STATUS: Served for 11 years as the Founder/President of the World Development Council, providing technical training for Albania’s government which was the bridge to new church-starts reaching the government leaders and their families. We have both completed a Church Planter Assessment and are commissioned by Converge to plant a new church in Munich, Germany.. **We currently need \$66,800 to fully fund Phase I (first 2 years).** Target date to be fully funded is August 30th, 2017.

ACTION: Prayerfully consider becoming a ‘**Mosaic Genesis Fund Angel Investor**’ investing in this new church-start by choosing to invest with one or more \$25,000 units, (2 units = \$50,000, 3 units = \$75,000 etc.) to complete Phase 1.

Thank you for making an eternal investment in God’s Kingdom!
